Thanks, Jayne. I see you did some more clean-up before sending it up. Nice job with all your touch-ups.

Subject: Oregon CZARA - Final Tech Staff Review of the "Closing the Gaps" Document

Hi Christine, Lynda and Joelle,

Attached is the technical team review on the Closing the Gap document—both in tracked and clean versions. Thanks to Don for consolidating two rounds of comments and to the rest of the team for providing a careful review and comments on such a short timeframe.

Notice that the technical and managerial OR CZARA meeting have been rescheduled next week.

Jayne
